TRANSITION AGE (AGES 14-21)

Postsecondary Educational

Opportunities Guide

- o [Postsecondary Educational Opportunities Guide](#), designed to help individuals with autism and their families explore the different opportunities and learning environments available after leaving high school.

Community-based Skills Assessment

- o [Community-based Skills Assessment](#), designed to help parents and professionals assess the current skill levels and abilities of individuals with autism beginning at age 12 and continuing into adulthood in order to develop a comprehensive transition plan.
- o This is the first tool to assess needs in the area of community-based living from transportation to financial management to peer relationships and more.

- o [Transition Tool Kit](#) *Launched in February 2011*
